3. On 17 February 1984 members of the Management and Liaison Staff and Communications Security Division, accompanied by a member of the IC Staff, attended a meeting at the NSC to discuss the draft of a new NSDD concerning Telecommunications and Automated Information Systems Security; the meeting was chaired by Admiral John Poindexter, Deputy Assistant to the President for National Security. While there was general agreement by all participants concerning the need to enhance PD-24, there was also concern with the haste associated with this endeavor. These concerns notwithstanding, Mr. deGraffenreid asked that additional comments be forwarded to Adm. Poindexter by COB 27 February so that the next draft can be issued quickly.
